## SPEAKER PROFILE

Exceptional at using story-telling to teach concepts and inspire, Candice Gottlieb-Clark is a sought-after speaker at leadership conference world-wide. A renowned Business Advisor, Coach and Conflict Management Specialist, Candice distills her more than 20 years' expertise into actionable strategies, attendees can apply to raise the functionality of their teams, leaders and organizations.

Candice is author of the best selling book, *FIND, FIX, FILL your LEADERSHIP GAP*, and she has been published in numerous business and professional journals, including Business Insider and Forbes, where she serves as a contributing writer. Candice's passion and expertise for helping businesses raise the level of their functionality, teamwork, productivity, and performance are boundless.

### Most requested topics:

- Impactful leadership
- Team development
- Collaborative communication
- Workplace conflict resolution

### Target audience:

- Business owners
- C-Suite professionals
- HR Leaders

## TESTIMONIALS

"Candice is an engaging speaker who relates well to her audience. My initial goal was to learn new tools. However, I received so much value from her presentation that I was able to immediately start using the techniques she described for a situation related to my business. When I said immediately, it was less than a half hour later. If you have the opportunity to work with her, I highly recommend doing so." -**D. Dibble, Design to Delivery Inc.**

"Candice knows how to keep the audience's attention and interest. She perfectly knows her subject, can illustrate it, relate it to the audience. Her suggestions are comprehensive, easy to understand and applicable. She knows how to bring a delicate zest of humor to the topic to make it more appealing." -**G. Montagne, SPHR**

"I just wanted to thank you for continuing to speak at the HR Star conference. I've been going for about 6 years and almost every year I've attended your session. Each year your content is fresh, engaging, relevant and you inspire me every time." -**K. Martin-Dickey, Full Swing Simulators**
